

Generations

Firm FE

5561

The Generations line is designed for elevating family. Whether a family is moving their child to their first “big kid” mattress or looking for a quality sleep experience for themselves or their overnight guests, Generations beds answers the call for people who seek value.

SUPPORT FEATURES

High-Density Support Foam

Creates a firm sleeping surface and provides more support than standard foam.

Quilted Cooling Gel Lumbar

Added to the quilt layers, quilted cooling gel lumbar provides extra support where you need it most and allows a cooler night's sleep.

12.75-Gauge Heavy Duty Spring Design

The high-density coil construction is made of tempered steel and is the heaviest and strongest support system in mattress construction today. Designed for high performance, it ensures support across the surface for proper spinal alignment.

Upholstery-Grade Foam Encasement

Permanently seals the innerspring 360 degrees around to deliver a durable, comfortable seating edge and 20% more sleeping area.

ADDITIONAL FEATURES

Silk, Wool & Cashmere Blend

Naturally regulates temperature and wicks away moisture. The perfect blend is added to the quilt to keep you comfortable, cool and dry.

Recycled Densified Fiber Pad

Made from 60% recycled bottles and provides optimal mattress support.

Generations

Plush FE

5563

The Generations line is designed for elevating family. Whether a family is moving their child to their first “big kid” mattress or looking for a quality sleep experience for themselves or their overnight guests, Generations beds answers the call for people who seek value.

SUPPORT FEATURES

High-Density Support Foam

Creates a firm sleeping surface and provides more support than standard foam.

Quilted Cooling Gel Lumbar

Added to the quilt layers, quilted cooling gel lumbar provides extra support where you need it most and allows a cooler night's sleep.

5-Zone High-Density Performance Foam

Reduces pressure points in shoulder and hip areas and increases support in the lumbar zone and behind the knees.

High-Density Contour Foam

Super-soft, pressure-relieving contour foam is made with ridges to alleviate aches and pains. It molds to the contours of your body, providing just the right amount of support where you need it most.

12.75-Gauge Heavy Duty Spring Design
