SUSTAINABILITY FEATURES

Certified Organic Cotton

Natural cotton fiber is lightweight, hypoallergenic, recyclable, and biodegradable that keeps your sleeping environment cool and comfortable.

Joma Wool & Alpaca Fiber Blend

Joma Wool® is crimped to increase bulk, springiness, comfort, and longevity. Alpaca is naturally lanolin-free which improves its performance in very humid conditions and makes it hypo-allergenic.

New Zealand Wool and Cashmere Blend

New Zealand wool and cashmere naturally regulate temperature and wicks away moisture. We add the perfect blend of these two natural fibers to the quilt to keep you comfortable, cool and dry.

PLA Corn Densified Fiber Pad

Natural and sustainable, our plant-derived polylactide (PLA) densified fiber support pad is made from corn and provides optimal mattress support while eliminating the need for polyurethane foam.

Recycled Densified Fiber Pad

Made from 60% recycled bottles and provides optimal mattress support.

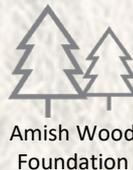

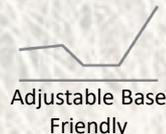

ADDITIONAL FEATURES

Compression Hand Tufting

Hand Tufting compresses the mattress 2" creating loft that works against the body to reduce body impressions.

1074 Ergonomically Zoned Pocket Spring

The 1074 zoned pocket spring unit supports the shoulder, knee and low back areas. The steel-encased unit provides incredible edge support for additional sleeping surface.
