SUPPORT YOUR ACTIVE LIFESTYLE

NO MATTER WHAT KIND

OF ATHLETE YOU ARE

Designed for fitness-focused, active lifestyles, the Back Performance collection re-energizes your body with deep, restorative sleep.

OUR KEY PILLARS FOR A HEALTHIER, MORE SUPPORTIVE NIGHT'S SLEEP

COOL + COMFORTABLE

▶ PCM Cooling Cover

Made of phase change material (PCM) that provides an initial cooling sensation to help you fall asleep faster and ensures a comfortable night's sleep from start to finish.

► Silk, Wool & Cashmere Blend

Naturally regulates temperature and wicks away moisture. The perfect blend is added to the quilt to keep you comfortable, cool and dry.

SAFE + SUSTAINABLE

We use coil units made from recycled railroad steel and fiber pads made from 60% recycled plastic bottles.

► All of our foams are CertiPUR-US® certified to ensure they have very low VOC emissions and are free from ozone depleters, chemical flame retardants, mercury and other heavy metals, formaldehyde,and phtalates.

SUPPORTIVE

► Quilted Gel Lumbar
Provides extra support to the

quilt layer and allows for a cooler night's sleep.

► High Density Support Foams

Creates a durable sleeping surface and provides deep down support and pressure relief.

DURABLE

Spring Designs

The 702 pocket spring unit is made from tempered recycled railroad steel and is encased in foam to provide optimal support while minimizing motion transfer. The high-density coil construction of the 12.75-gauge heavy duty spring unit is

the heaviest available and ensures support across the surface for proper spinal alignment.

► Upholstery Grade Foam
Encasement Creates a durable sleeping surface and provides deep down support and pressure relief

OUR STYLES

Vitality

The Back Performance Vitality line of beds features a blend of natural silk, wool & cashmere in the quilt, and added layers of high-density comfort and support foams in the upholstery layers provide the ultimate temperature regulation and pressure relief throughout the mattress.

Optimize

With layers of high-density comfort and support foams, and quilted cooling gel lumbar in the quilt, the Back Performance Optimize line provides extra support where you need it most on the surface and allows a cooler night's sleep.

Generations

Designed for high performance, the Back Performance
Generations line is built to elevate families. With 5-zone highdensity performance foam for shoulder and lower back pressure relief and the high density coil construction ensures support across the surface for proper spinal alignment. This line is ideal for all generations.

GENERATIONS

Whether a family is moving their child to his or her first "big kid" mattress or looking for a quality sleep experience for themselves or their overnight guests, the Generations mattresses answer the call for those who seek value.

- Made from safe, non-toxic materials like a naturally hypoallergenic blend of silk, wool and cashmere
- CertiPUR-US® certified foams
- Backed by a 10 Year NPR Warranty

MX HYBRID MODELS

The all-foam Back Performance hybrid models feature a smooth, tight top and are offered in firm and plush comfort levels. With layers of high-density memory foam and cooling gel comfort foam, you get the pressure relief you need for a deep, restful sleep.

OUR PARTNERSHIP WITH

DR. JAMES B. MAAS, PH.D., Doctor Certified "THE SLEEP DOCTOR"

Retired Cornell Professor, Health & Performance Consultant

The Back Performance collection is a result of our strategic collaboration with Dr. James Maas.

It is designed to align performance attributes with the real issues preventing restorative sleep.

We use the absolute best materials and construction techniques to address each sleep issue.
