Made of phase change material that provides an initial cooling sensation to help you fall asleep faster and ensures a comfortable night's sleep from start to finish.

2. Natural FR Rayon Fiber

The fire-retardant fiber we use is the most natural design made from a Rayon and Silicate combination.

3. Silk, Wool, & Cashmere

4. High-Density Plush Memory Foam

Quick recovery memory foam provides the greatest level of motion separation and pressure relief.

The high-density coil construction offers a firmer, deep-down support, more airflow, and ensures optimum support across the surface for proper spinal alignment.
