### KEY FEATURES #7340

- 1. Designer Stretch Knit Cooling Fabric** The elasticity of stretch knit fabric facilitates contour while reducing surface tension. The flexibility of the fabric creates a surface that seamlessly and quietly adapts to the weight and shape of the body.
- 2. Natural FR Rayon Fiber** The fire-retardant fiber we use is the most natural design made from a Rayon and Silicate combination.
- 3. Silk, Wool, & Cashmere** Naturally regulates temperature and wicks away moisture. The perfect blend is added to the quilt to keep you comfortable, cool and dry.
- 4. Cooling Gel Contour Foam** High-quality, dense support foams conform to your body, which diminishes uncomfortable pressure points while you sleep.
