

By PARAMOUNT

*A Solid Night's Sleep*

# Classic *Americana*

## OUR PROMISE

Rest easy tonight knowing that your HD Super Duty mattress will perform soundly, night after night. HD offers unmatched value and is designed for those who appreciate traditional quality. No corners are cut, no concessions are made, and only the finest materials are sourced. That is why HD mattresses are backed by a 20-year warranty and a better body impression standard.

# Traditional American Inspired *Design*

The HD Super Duty collection draws on traditional mattress-making techniques and is available in two series: **Classic** and **Signature**. These collections feature heavy cooling knit fabrics, reinforced leather handles, and timeless damask border fabrics.

- ◇ The best support materials
- ◇ Meticulous attention to details

# Durability

*that's built to last*

## Compression Hand Tufting

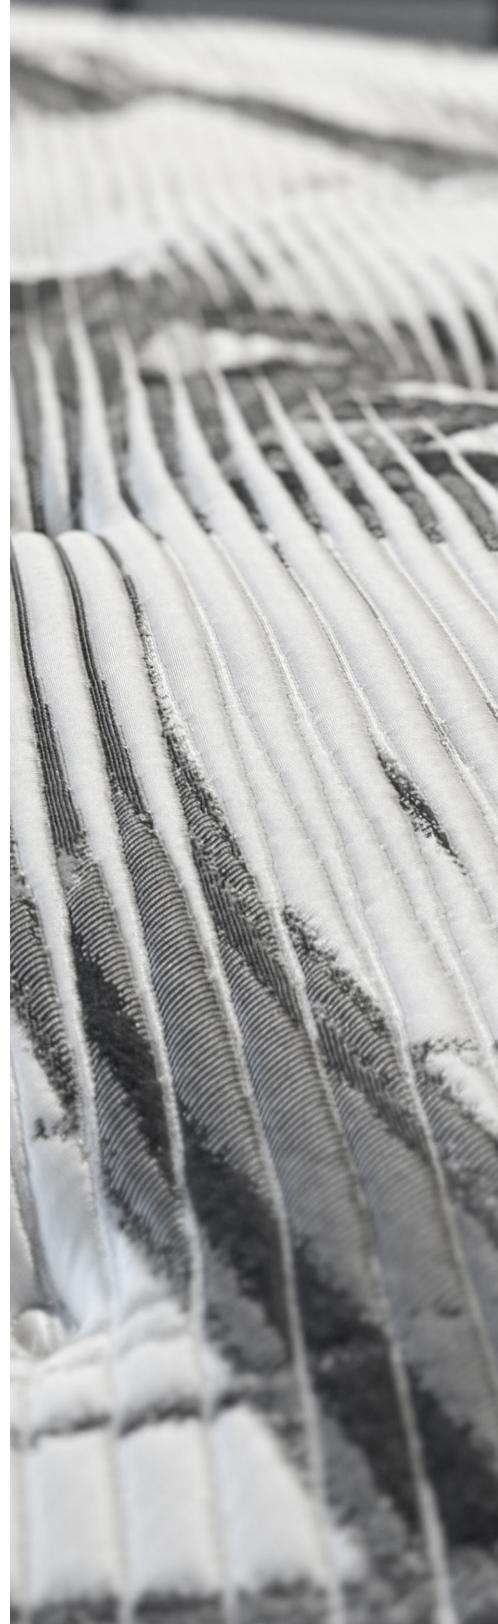

Hand tufting is a true mark of quality. Durable wool rosettes are tied by hand through every layer to secure the upholstery. This time-intensive technique dramatically reduces body impressions, helps alleviate partner disturbance, and provides superb support. Plus, you never feel the rosettes due to the design!

## Upholstery-Grade Foams

High-density, upholstery-grade foams create a more durable sleeping surface and provide more support than standard foams. Better support allows proper spinal alignment for a great night's rest, night after night!

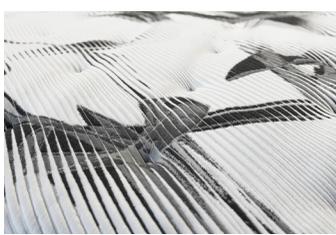

## HD Spring Units

The exclusive foam encased 14.75-gauge ergonomic zoned pocket spring unit in the Signature collection and the foam-encased, 12.75-gauge wire in the Classic collection are the most supportive and strongest spring units on the market today.

# Comfort

*for a restful night's sleep*

## Cooling Knit Fabrics

P.E. knit fabric provides a cooling sensation to help you fall asleep faster. Combined with the breathable underlayers of the HD Super Duty mattress, the cool ticking ensures a comfortable night's sleep.

## Natural Silk, Wool, & Cashmere Blend

Silk, wool, and cashmere naturally regulate temperature and wick away moisture. We add the perfect blend of these three natural fibers to the quilt to keep you comfortable, cool, and dry.

## High-Density, Copper-Infused Memory Foam

Copper-infused memory foam is designed to stay cool, clean, and more supportive by combining the pressure-relieving comfort of memory foam, promoting a fresher, more restorative sleep experience.

## Recycled "Blue" Cotton

Content that has been recycled after manufacturing but before consumption is known as post-industrial content, like pre-consumer content. By utilizing recycled materials, such as breathable cotton, we can minimize our carbon footprint and promote a healthier planet, ultimately leading to more restful sleep for both you and the earth.

# Signature *Collection*

Wrapped in a designer damask border, Signature beds are ergonomically zoned, have some of the highest support structure available, offer incredible edge support, and are adjustable bed-friendly.

## *Support*

### **Exclusive 910 Ergonomic Zoned Foam Encased Pocket Spring:**

A 910 pocketed spring mattress offers enhanced support and motion isolation with individually wrapped coils, providing optimum support throughout the entire mattress.

## *Temperature Regulation*

### **Cooling Knit Fabric:**

Quilted with a silk, wool, and cashmere blend, the phase change material (PCM fabric) gives you an initial cooling sensation to help you fall asleep faster. Combined with the breathable underlayers of the HD Super Duty mattress, the cool ticking ensures a comfortable night's sleep.

## *Pressure Relief*

### **Upholstery-Grade Foams:**

Upholstery-grade, high-density contour foam, copper-infused, and natural lumbar latex combined with the finest CertiPUR-US® certified comfort layers providing incredible pressure relief.

## *Recycled "Blue" Cotton*

### **Sustainable Source:**

Post-industrial (or pre-consumer) content is recycled before use, and using materials like breathable cotton helps reduce our carbon footprint and support better sleep for you and the planet.

# Classic *Collection*

Bordered in a handsome plaid fabric with reinforced leather handles, Classic collection beds offer unparalleled support and solid American construction.

## *Support*

### **12.75-Gauge, Foam-Encased Heavy Duty Spring Design:**

The upholstery-grade, foam-encased 12.75-gauge heavy duty spring design combined with hand tufting provides amazing support. 12.75-gauge tempered steel is the heaviest and strongest support system in mattress construction today. Designed for high performance, the high-density coil construction ensures support across the surface for proper spinal alignment.

## *Temperature Regulation*

### **Cooling Knit Fabric:**

Quilted with a silk, wool, and cashmere blend, the phase change material (PCM fabric) gives you an initial cooling sensation to help you fall asleep faster. Combined with the breathable underlayers of the HD Super Duty mattress, the cool ticking ensures a comfortable night's sleep.

## *Pressure Relief*

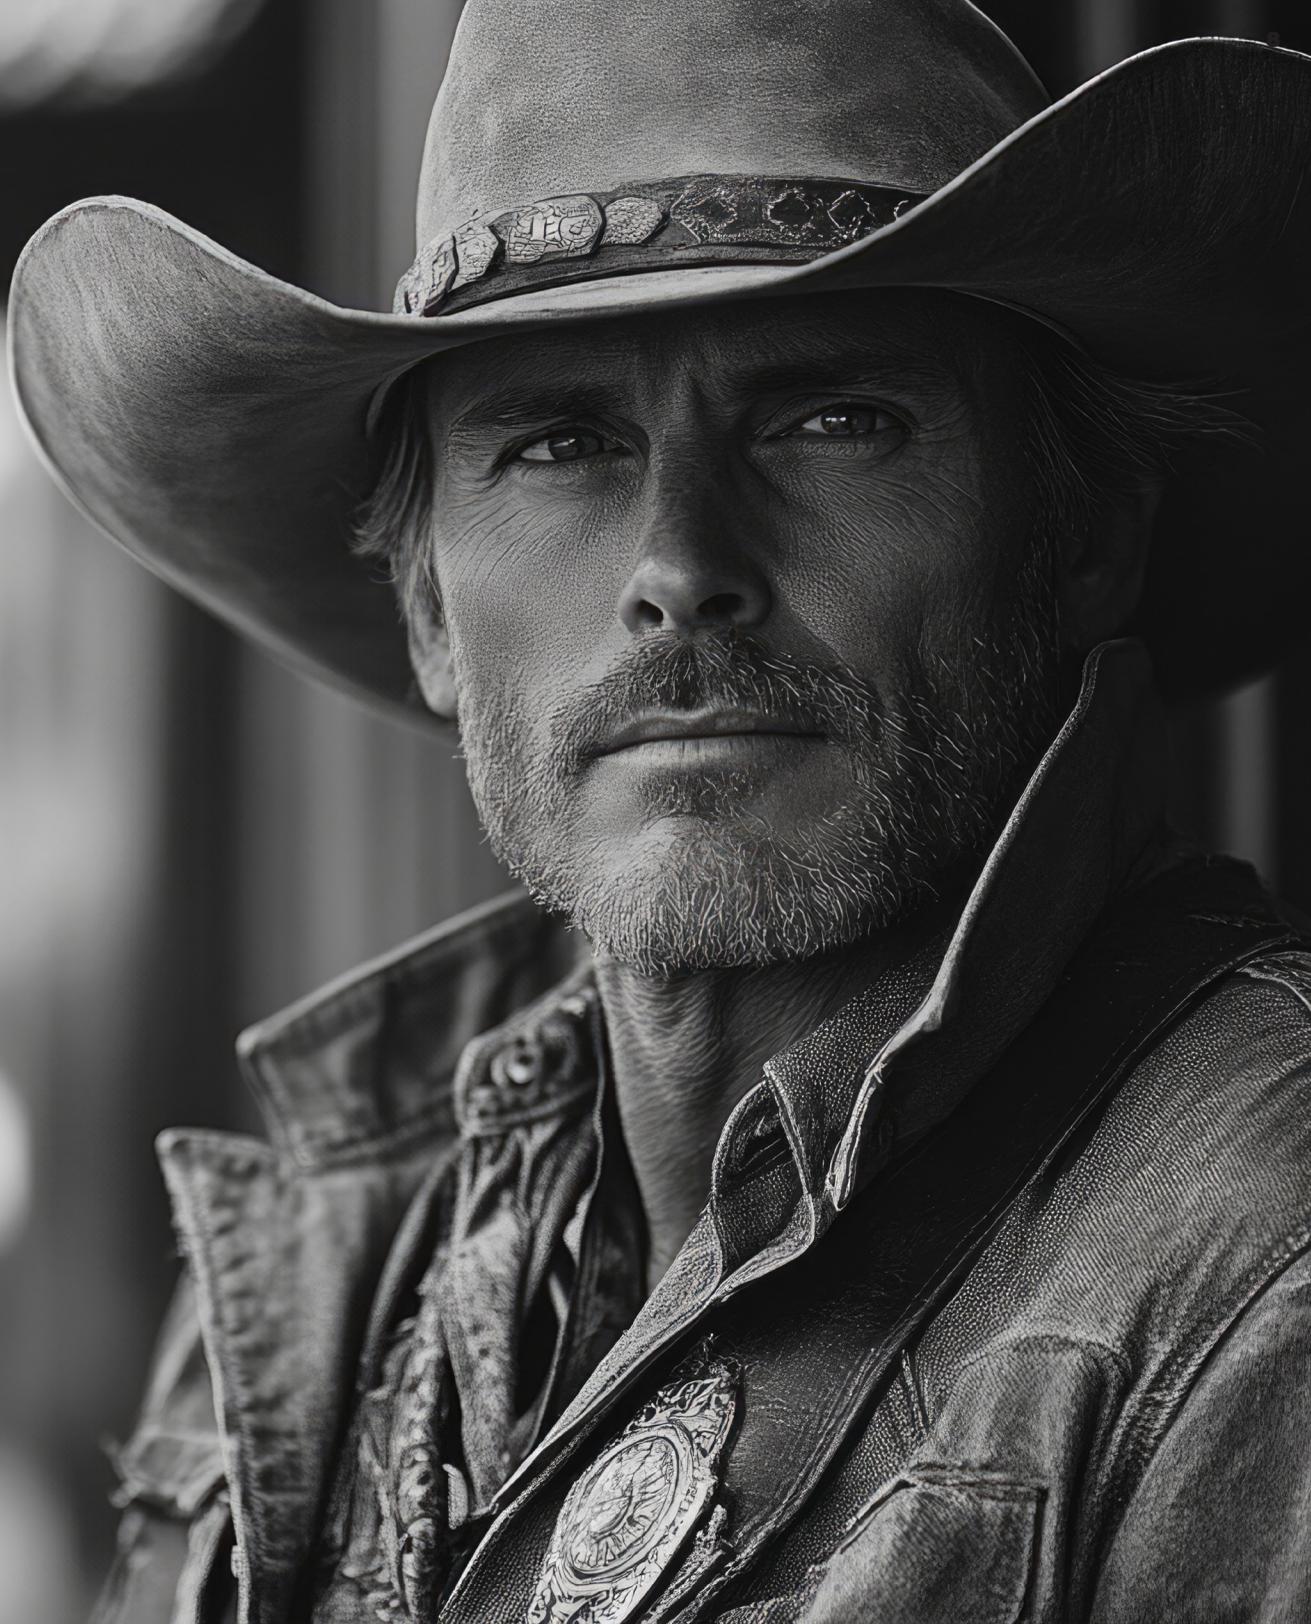

### **Upholstery-Grade Foams:**

Upholstery-grade, high-density contour foam, copper-infused, and natural latex combined with the finest CertiPUR-US® certified comfort layers provide incredible pressure relief.

## *Cotton*

### **Breatheable Comfort:**

Natural cotton fiber is lightweight, breathable, hypoallergenic, recyclable, biodegradable, and prevents heat retention for undisturbed and comfortable sleep.

# Sustainability

The Seal of Cotton is a  
Trademark of Cotton  
Incorporated.

## Seal of Cotton

Paramount Sleep is proud to be a Seal of Cotton licensee, reinforcing our commitment to quality and transparency. The Seal of Cotton is a trusted symbol that helps consumers identify products made with natural cotton—a renewable and biodegradable fiber known for its softness, durability, and breathability. With 8 out of 10 consumers recognizing the Seal, it strengthens trust and preference for cotton-rich products, ensuring our customers experience the natural benefits of cotton in every sleep.

## CertiPUR-US®

All our foams are CertiPUR-US® certified to ensure they have very low VOC emissions and are free from ozone depleters, chemical flame retardants, mercury and other heavy metals, formaldehyde, and phthalates.

## Global Organic Latex Standard

We use latex derived from the rubber tree. Our latex is GOLS certified, ensuring that it is free from chemicals harmful to humans and that environmentally harmful substances were not produced during the manufacturing process.

## Recycled Steel

Our spring units are made with tempered recycled railroad steel. Recycled train rail and axel steel are a high strength steel which not only helps the environment but also makes mattress springs virtually indestructable.

**HANDCRAFTED  
IN THE USA**

## Handcrafted in the USA

Designed, specified, and made in the United States. We are continuously working on reducing our environmental footprint through our factory and logistics network.

# Quality Guaranteed

## *Since 1935*

Every detail of the HD Super Duty collection has been thoughtfully assembled and thoroughly processed to ensure that we have exceeded the expectations of our customers. Through our pursuit of perfection, we deliver a deep, energizing night's sleep, helping to fulfill dreams for a healthy life. HD Super Duty has been independently tested to ensure restful nights for years to come.
