## Luxury Firm

### KEY FEATURES #2008

- 1. Designer Tencel Fabric** The Tencel fabric adds a touch of eco-friendly luxury to the mattress. Silky-soft, breathable, and moisture-wicking, it creates a cool and refreshing sleep surface while being gentle on both your skin and the planet.
- 2. Natural FR Rayon Fiber** The fire-retardant fiber is the most natural design made from a rayon and silicate combination.
- 3. Silk, Wool & Cashmere** The perfect blend of these fibers added to the quilt offer natural temperature regulation and moisture wicking.
- 4. Cooling Gel Contour Foam** The ridges design of the super-soft, pressure relieving foam alleviates aches and pains, molding to body contours to provide optimum support where needed.
- 5. High-Density Support Foam** High-quality, dense support foams conform to your body, which diminishes uncomfortable pressure points while you sleep.
- 6. Certified Organic Medium Latex** Hypoallergenic, antimicrobial, and resistant to dust mites, mold, and mildew. The responsive structure of organic latex gently lifts and conforms to the body, evenly distributing weight for balanced support and pressure relief.
- 7. High-Density Copper-Infused Memory Foam** Copper-infused memory foam is designed to stay cool, clean, and more supportive by combining the pressure-relieving comfort of memory foam, promoting a fresher, more restorative sleep experience.
- 8. 4160 Pocket Duo Micro Coil** Featuring two coils in every pocket, one firm and one plush, this system creates a uniquely responsive sleep surface. It cushions pressure points while maintaining stable, consistent support throughout the night.
- 9. High-Density Comfort Topper** An extra layer of support that provides better edge support and deep-down comfort.
- 10. High-Density Foam Core** Offers long-lasting support that virtually eliminates partner disturbance, counteracts any spring effect in the mattress and provides excellent support and pressure relief.
- 11. Recycled Fiber Pad** The recycled fiber pad is crafted using repurposed materials, offering optimal mattress support while helping to reduce waste and promote sustainability.

## KEY FEATURES #2012 The Seal of Cotton is a Trademark of Cotton Incorporated.

- 1. Designer Tencel Fabric** The Tencel fabric adds a touch of eco-friendly luxury to the mattress. Silky-soft, breathable, and moisture-wicking, it creates a cool and refreshing sleep surface while being gentle on both your skin and the planet.
- 2. Natural FR Rayon Fiber** The fire-retardant fiber is the most natural design made from a rayon and silicate combination.
- 3. 100% Natural Lambswool Blend** New Zealand wool and lambswool naturally regulate temperature and wick away moisture. We add the perfect blend of these two natural fibers to the quilt to keep you comfortable, cool, and dry.
- 4. Certified Organic Medium Latex** Hypoallergenic, antimicrobial, and resistant to dust mites, mold, and mildew. The responsive structure of organic latex gently lifts and conforms to the body, evenly distributing weight for balanced support and pressure relief.
- 5. 4160 Pocket Duo Micro Coil** Featuring two coils in every pocket, one firm and one plush, this system creates a uniquely responsive sleep surface. It cushions pressure points while maintaining stable, consistent support throughout the night.
- 6. High-Density Copper Infused Memory Foam** Copper-infused memory foam is designed to stay cool, clean, and more supportive by combining the pressure-relieving comfort of memory foam, promoting a fresher, more restorative sleep experience.
- 7. "Blue" Cotton** Derived from the denim manufacturing process, "blue" cotton gives new life to premium, natural fibers resulting in breathable comfort that supports restful sleep and a sustainable future.
- 8. 952 Zoned Pocket Spring** Designed with firmer 14.75 gauge coils through the center and 15.5-gauge coils at the head and foot, this system provides individualized support where your body needs it most. The result is better spinal alignment, abalanced pressure relief, and a more comfortable night's sleep.
- 9. Upholstery-Grade Foam Encasement** In addition to sealing the innerspring, the encasement delivers a durable, comfortable seat edge and 20% more sleep surface to the mattress.
- 10. High-Density Base Foam** Provides optimal support for all the pocket springs.
