## KEY FEATURES

- 1. BELGIAN BCI COTTON WITH EXCLUSIVE HYPNOS DESIGN** This fabric is made of pure, unbleached, untreated cotton; making every part of this mattress breathable, luxurious, and sustainable.
- 2. COMPRESSION HAND TUFTING** A true mark of quality, durable fasteners applied by hand secure all upholstery layers for reduced body impressions, enhance support, and longevity.
- 3. NATURAL FR RAYON FIBER** The fire-retardant fiber is the most natural design made from a rayon and silicate combination.
- 4. 100% NATURAL LAMBSWOOL BLEND** New Zealand wool and lambswool naturally regulate temperature and wick away moisture. We add the perfect blend of these two natural fibers to the quilt to keep you comfortable, cool, and dry.
- 5. 100% PURE COTTON** Breathable, traceable natural cotton works to keep air flowing through the mattress, providing temperature control all night long.
- 6. 1872 POCKET MICRO COIL** The micro coils instantly conform to your body to reduce body impressions, provide maximum support and maintain ultimate comfort for you all night long.
- 7. “BLUE” COTTON** Derived from the denim manufacturing process, “blue” cotton gives new life to premium, natural fibers resulting in breathable comfort that supports restful sleep and a sustainable future.
- 8. NATURAL WOOL & COTTON FELTED UPHOLSTERY PAD** Natural cotton is a lightweight fiber that is hypoallergenic, recyclable, and biodegradable. It keeps your sleeping environment refreshing and chemical free. Wool helps to wick heat and moisture away from your body. It's a soft and fluffy material that allows your mattress to breathe keeping your bed cool and dry.
- 9. RECYCLED COTTON & WOOL** Cotton is breathable, allowing for more airflow throughout the mattress. Wool helps to naturally regulate temperature while keeping the body cool and dry.
- 10. 1088 PLUSH 16-GAUGE POCKET SPRING UNIT** This high-density plush design provides individualized support throughout the mattress with cloud-like comfort.
- 11. RECYCLED FIBER PAD** The recycled fiber pad is crafted using repurposed materials, offering optimal mattress support while helping to reduce waste and promote sustainability.
