### KEY FEATURES #6943

- 1. DESIGNER LUXURY DAMASK FABRIC** Damask is a woven, reversible patterned fabric, typically made from silk, wool, linen, cotton, or synthetic fibers that is known for its durability and resistance to wear and tear, while its smooth and lustrous surface lends a luxurious look.
- 2. COMPRESSION HAND TUFTING** A true mark of quality, durable fasteners applied by hand secure all upholstery layers for reduced body impressions, enhance support, and longevity.
- 3. NATURAL FR RAYON FIBER** The fire-retardant fiber is the most natural design made from a rayon and silicate combination.
- 4. 100% NATURAL LAMBSWOOL BLEND** New Zealand wool and lambswool naturally regulate temperature and wick away moisture. We add the perfect blend of these two natural fibers to the quilt to keep you comfortable, cool, and dry.
- 5. COOLING GEL CONTOUR FOAM** The ridges design of the super-soft, pressure relieving foam alleviates aches and pains, molding to body contours to provide optimum support where needed.
- 6. NATURAL LATEX LUMBAR SUPPORT** Added to the center third of the mattress, this natural material enhances support where the body needs it most.
- 7. CERTIFIED ORGANIC PLUSH LATEX** Hypoallergenic, antimicrobial, and resistant to dust mites, mold, and mildew. The responsive structure of organic latex gently lifts and conforms to the body, evenly distributing weight for balanced support and pressure relief.
- 8. 5-ZONE HIGH-DENSITY PERFORMANCE FOAM** The zoned design reduces pressure points in the shoulders and hip and enhances support to the lumbar and knees.
- 9. 100% PURE COTTON** Breathable, traceable natural cotton works to keep air flowing through the mattress, providing temperature control all night long.
- 10. UPHOLSTERY-GRADE FOAM ENCASEMENT** In addition to sealing the innerspring, the encasement delivers a durable, comfortable seat edge and 20% more sleep surface to the mattress.
- 11. 896 FIRM 13.75 GAUGE POCKET SPRING** The 896 firm pocketed spring unit boasts 13.75-gauge springs for the firmest, deep-down support for ideal comfort throughout the entire mattress.
- 12. HIGH-DENSITY BASE FOAM** Provides optimal support for all the pocket springs.
