KEY FEATURES #7431

Prestige Luxury Firm

SIGNATURE COLLECTION

1. **Designer Luxury Cooling Knit Fabric** Made of phase change material that provides an initial cooling sensation to help you fall asleep faster and ensures a comfortable night's sleep from start to finish.
2. **Compression Hand Tufting** A true mark of quality, durable fasteners applied by hand secure all upholstery layers for reduced body impressions, enhance support, and longevity.
3. **Natural FR Rayon Fiber** The fire-retardant fiber is the most natural design made from a rayon and silicate combination.
4. **Silk, Wool, & Cashmere** The perfect blend of these fibers added to the quilt offer natural temperature regulation and moisture wicking.
5. **Cooling Gel Contour Foam** The ridges design of the super-soft, pressure relieving foam alleviates aches and pains, molding to body contours to provide optimum support where needed.
6. **High-Density Support Foam** High-quality, dense support foams conform to your body, which diminishes uncomfortable pressure points while you sleep.
7. **Natural Latex Lumbar Support** Added to the center third of the mattress, this natural material enhances support where the body needs it most.
8. **High-Density Copper Infused Memory Foam** Copper-infused memory foam is designed to stay cool, clean, and more supportive by combining the pressure-relieving comfort of memory foam, promoting a fresher, more restorative sleep experience.
9. **5-Zone High-Density Performance Foam** The zoned design reduces pressure points in the shoulders and hip and enhances support to the lumbar and knees.
10. **Bio Based Graphite Memory Foam** A new generation of plant-based foam, made without ozone depleters, formaldehyde, or phthalates. This 28% bio-based foam provides uniform support, alleviates pressure points, and can be recycled after use to reduce the environmental impact.
11. **"Blue" Cotton** Derived from the denim manufacturing process, "blue" cotton gives new life to premium, natural fibers resulting in breathable comfort that supports restful sleep and a sustainable future.
12. **3-Zoned Pocket Spring Design** A durable coil system with three support zones: softer 14-gauge coils at the head and foot, and firmer 13-gauge coils in the center for extra back support. This design adds comfort, reduces motion, and provides mattress stability.
13. **Upholstery-Grade Foam Encasement** In addition to sealing the innerspring, the encasement delivers a durable, comfortable seat edge and 20% more sleep surface to the mattress.
14. **High-Density Base Foam** Provides deep support under the pocket spring while further reducing motion transfer.
