## SAFE + SUSTAINABLE

Paramount uses spring units made from recycled steel and fiber pads made from 60% or greater post-consumer recycled plastic bottles (40% or less recyclable bonding material).

All our foams are CertiPUR-US® certified to ensure they have very low VOC emissions and are free from ozone depleters, chemical flame retardants, mercury and other heavy metals, formaldehyde, and phthalates.

Our Back Performance® Collection is designed for fitness-focused, active lifestyles. Inspired by the research and teachings of the late Dr. James B. Maas, the collection supports deep, restorative sleep to help re-energize the body and promote better recovery for a more active tomorrow.

## **Luxury Stretch Knit Cooling Fabric**

The elasticity of stretch knit fabric facilitates contour while reducing surface tension. The flexibility of the fabric creates a surface that seamlessly and quietly adapts to the weight and shape of the body.

## **High-Density Copper-Infused Memory Foam**

Copper-infused memory foam is designed to stay cool, clean, and more supportive by combining the pressure-relieving comfort of memory foam, promoting a fresher, more restorative sleep experience.

## **5-Zone High-Density Performance Foam**

The zoned design reduces pressure points in the shoulders and hip and enhances support to the lumbar and knees.

## **Upholstery-Grade Foam Encasement**

In addition to sealing the innerspring, the encasement delivers a durable, comfortable seat edge and 20% more sleep surface to the mattress.

## **800 Nested Pocket Spring**

The pocket springs are nested together to provide a level sleeping surface and to ensure springs don't separate. Each spring moves independently and contours to the shape of your body.

## MX Hybrid Collection

The all-foam Back Performance hybrid models feature a modern smooth, tight-top and are offered in firm and plush comfort levels. Enhanced with the Seal of Cotton, these mattresses incorporate breathable, "Blue" Cotton for improved airflow and temperature regulation. With layers of high-density comfort foam and cooling gel contour foam, you get the pressure relief you need for a deep, restful sleep, while cotton's softness and durability provide an added layer of comfort and sustainability.

- ✦ Made from safe, non-toxic materials like natural fire-retardant fiber
- ✦ CertiPUR-US® certified foams
- ✦ Backed by a 15 Year NPR Warranty
- ✦ \*Sleep Doctor Certified
- ✦ 800 Nested Pocket Springs

# Our Family Collection

## GENERATIONS

Designed for high performance, the Back Performance Generations line is built to elevate families. With high-density comfort foam creating a durable sleeping surface that provides deep down support and pressure relief, and the high-density coil construction ensuring support across the surface for proper spinal alignment.

**This line is ideal for all generations.**

Whether a family is moving their child to his or her first “big kid” mattress or looking for a quality sleep experience for themselves and their overnight guests—the Generations mattress collection answers the call for those who seek value.

- ✚ Made from safe, non-toxic materials like a natural fire-retardant fiber
- ✚ CertiPUR-US® certified foams
- ✚ Backed by a 10 Year NPR Warranty
- ✚ \*Sleep Doctor Certified
- ✚ Heavy 12 $\frac{3}{4}$  gauge spring design for long lasting durability

# OUR PARTNERSHIP WITH DR. JAMES B. MAAS, PH.D.,

## "THE SLEEP DOCTOR"

*Developed in collaboration with the late Dr. James B. Maas  
Renowned sleep researcher and Cornell University professor emeritus*

The Back Performance® Collection was developed in collaboration with the late Dr. James B. Maas, a pioneering sleep researcher widely known as the "The Sleep Doctor."

\*\*Built on his decades of research, the collection aligns performance-driven design with the real issues that prevent restorative sleep. Using premium materials and advanced construction techniques, each model is engineered to support better sleep quality, helping you wake refreshed and ready for a more active tomorrow.
