

paramount *Legacy*

The ultimate in East Coast luxury awaits you in the Paramount Legacy Arthur line. Each bed encompasses artisan techniques of hand side-stitching, and both inner and outer hand-tufting. This, combined with the highest quality components, including a 100% natural cotton (calico) encased coil unit, and an additional 50 pounds of organic cotton, provides an unrivaled sleep experience.

Our new Paramount Legacy line honors the late Arthur Diamonstein, former president and chairman of the board of Paramount Sleep Company®. Paramount is one of the oldest, and among very few, multi-generational, family-owned-and-operated mattress manufacturers left in the U.S. Arthur's stewardship and promise of quality products guided Paramount Sleep for more than 50 years. The Paramount Legacy line is a direct result of this promise. Mr. D., as he was affectionately known, will be truly missed, but his legacy lives on.

Our Mission

We are dedicated to delivering better sleep for a better tomorrow. We handcraft innovative, stylish sleep products that provide our customers with the highest quality sleep, every night.

Where Sleep is Paramount™

paramount

Celebrating 90 Years of Craftsmanship

Our flagship **East Coast Luxury mattress collection** pays homage to Paramount Sleep Company's* founding in Norfolk, Virginia, in 1935. The innovative design draws inspiration from calming and peaceful ambiance of the coastal shores. Drift off into a deep, restful slumber, lulled by the soothing rhythm of the waves in an aquatic-inspired sleep sanctuary with the newly redesigned Paramount Collection.

Temperature Regulation

100% Natural Lambswool Blend

New Zealand wool and lambswool naturally regulate temperature and wick away moisture. We add the perfect blend of these two natural fibers to the quilt to keep you comfortable, cool, and dry.

100% Pure Cotton

Breathable, traceable natural cotton works to keep air flowing through the mattress, providing temperature control all night long.

Pressure Relief

Certified Organic Latex

Hypoallergenic, antimicrobial, and resistant to dust mites, mold, and mildew. The responsive structure of organic latex gently lifts and conforms to the body, evenly distributing weight for balanced support and pressure relief.

Cooling Gel Contour Foam

The ridges design of the super-soft, pressure relieving foam alleviates aches and pains, molding to body contours to provide optimum support where needed.

High-Density Copper-Infused Memory Foam

Copper-infused memory foam is designed to stay cool, clean, and more supportive by combining the pressure-relieving comfort of memory foam, promoting a fresher, more restorative sleep experience.

Support

896 Firm & Plush 3-Zone Pocket Spring

Firm, Luxury Firm and Euro Top models use an 896 pocketed spring unit with 13.75-gauge springs for firmer, deep-down support.

Durability

Compression Hand Tufting

A true mark of quality, durable fasteners applied by hand secure all upholstery layers for reduced body impressions, enhance support, and longevity.

20-Year Warranty

The unsurpassed 20-year non-prorated warranty backs up the quality materials and craftsmanship.

East Coast Luxury

Firm | Luxury Firm | Plush | Euro Top
Luxury Top Plush | Luxury Top Medium

The cooling stretch knit fabric of the collection encases a quilt featuring 100% natural Lambswool blend that provides a gentle sleeping surface and maintains its loft over time. Natural organic latex in the upholstery layers breathes up to seven times better and provides up to 33% more pressure relief.

Paramount Sleep Company is the only mattress manufacturer to carry this prominent trademark of the Cotton Incorporated, signifying this product contains 90% blue cotton and 100% pure cotton in its upholstery.

Used in the mattress for responsive comfort, natural organic latex is derived from the rubber tree and is naturally hypoallergenic, antimicrobial, and provides pressure relieving support.

Paramount Sleep Company is a CertiPUR-US® certified manufacturer. This ensures our products have very low VOC emissions, and are free from ozone depleters, chemical flame retardants, mercury and other heavy metals, formaldehyde, and phthalates.

Paramount Sleep Company® is an A+ Member of the Better Business Bureau.

Our products are designed, specified and made in the United States. We work continuously to reduce our environmental impact from production through logistics.
